### **ARTAZN Architectural Series**

ARTAZN's Architectural Series features zinc in its own characteristic color varieties from brilliant smooth to classic weathered, and in dimensional textured finishes. Choose from the bright and lustrous Natural and Natural Textured look that will develop its patina over time, or the timeless pre-weathered finish of Glacier Grey and Glacier Grey Textured. Each of these options will provide the unique zinc patina that is durable, aesthetically pleasing and self-healing.

Mix a variety of our four Architectural Series finishes or make a bolder statement by mixing Architectural Series zinc with colors from our ARTAZN Presidential Series.
